

# Nigerian Institution of Metallurgical, Mining & Materials Engineers

(A Division of The Nigerian Society of Engineers)

in collaboration with *PCS Training*

Presents A 5-Day Workshop on

## PMP CERTIFICATION COURSE

### Course Description

The Project Management Professional (PMP®) training equips you with in-depth knowledge and skills needed to help deliver your projects on time, budget and agreed-upon scope. The 4 days classroom training will be handled by certified Project Management Professionals and will include presentations, realistic case studies and lots of simulated sample questions to help you pass at first try.

### Why Obtain the PMP® Certification?

The PMP® certification recognizes demonstrated competence in leading and directing project teams. It provides project managers with a solid foundation of experience, education and competency to successfully lead and direct projects that will have a positive impact on a company's bottom line results.

- Internationally recognized credential across an array of industries that employ project managers
- Unique competitive advantage
- Increased marketability
- Higher salaries compared with non-credentialed peers

### Course Objectives

Participants will be able to:

- Learn the project management processes described in the PMBOK® Guide, Six Edition
- Understand what a project is and the best practice approach to project management
- Practice simulated tests to greatly improve their chance of passing the test
- Discover tricks and hints on how to answer the exam questions

### Deliverables

- Hard and soft copies of Training Manual
- Full assistance in membership and examination registration
- A licensed copy of the PMI Guide to Project Management Body of Knowledge (PMBOK® Guide) - 6th Edition
- Simulated PMP exam review questions
- Mock PMP exam at the end of the course
- After training support till you pass your exam
- Downloadable Project Management Professional exam preparatory materials
- 35 Contact Hours required to take the PMP certification exams
